

SARA PARK

Software Engineer | Los Angeles, CA | (469) 569-6591
sara.kimpark1@gmail.com | [linkedin.com/in/sarakimpark](https://www.linkedin.com/in/sarakimpark) | sarakpark.com

TECHNICAL SKILLS

Languages | JavaScript, TypeScript, HTML, CSS, Python, SQL

Frameworks & Technologies | React, React Native, Redux, Next.js, Node.js, Express.js, GraphQL, REST APIs, PostgreSQL, MySQL, MongoDB, Firebase, Auth0, Tailwind CSS, Styled Components

Testing | Jest, Mocha, Chai

Tools | Git, Jira, Confluence, AWS, Vercel, Postman, Contentful (CMS), Optimizely, New Relic, Cursor, Claude, CodeRabbit

WORK EXPERIENCE

Chegg | *Software Engineer II — Commerce Web*

April 2023 – May 2025

- Migrated Chegg's commerce platform to Recurly through full-stack development, rebuilding the checkout experience, implementing tokenized payments and primary/backup payment method management with Redux, enabling wallet integrations, and building GraphQL queries and mutations
- Implemented frontend VPN-based region detection to localize checkout pricing, display compliance warnings, and block payment submission, preventing pricing bypass across ~4% of subscriptions
- Developed comprehensive unit and integration tests using Jest for critical checkout and payment workflows, improving reliability across production releases
- Defined Contentful content models and integrated GraphQL queries, implementing data mapping and conditional rendering logic to dynamically render CMS-managed content in React and TypeScript
- Conducted code reviews to improve code quality, maintainability, and consistency across the Commerce Web codebase
- Implemented localized KRW pricing throughout the checkout experience, updating React components to correctly format currency and successfully rolling out the feature to all South Korean users
- Collaborated with product managers, UI/UX designers, and engineers across the U.S., India, and Canada to deliver customer-facing features in an Agile environment; periodically served as Scrum Master and onboarded new engineers
- Participated in an on-call rotation, using New Relic to monitor production systems, investigate production incidents, and resolve issues impacting checkout reliability

Carrollton Farmers Branch ISD | *High School Math Teacher & Algebra 2 Team Lead*

August 2019 – July 2022

- Developed an interactive web platform using Canvas, HTML, CSS, and Desmos to centralize a year-long Algebra 2 curriculum
- Led curriculum planning for 4 math teachers during remote and hybrid instruction while teaching 170+ students annually

SOFTWARE APPLICATION DEVELOPMENT EXPERIENCE

saraandraypark.com | wedding website (Squarespace)

June 2025 - November 2025

- Created a Squarespace website with custom HTML, CSS, and JavaScript via code injection, adding multilingual support, a dynamic hero section with automatic video playback and fallback imagery, and third-party RSVP integration with WithJoy

Merge | *personalized health records mobile app*

January 2023

- Developed a full-stack React Native application for managing personal health records, designing REST APIs and PostgreSQL data models while implementing Firebase authentication and session management

Fuzzy Friends | *social networking app*

January 2023

- Led a team of 6 engineers to build a React-based social networking application featuring authentication, user matching, scheduling, and real-time messaging
- Designed reusable React UI components and wireframes to create a consistent, scalable user experience across the app

Orchid | *e-commerce platform*

October 2022 - December 2022

- Developed reusable React components for scalable product discovery experiences and implemented client-side state persistence to personalize the user experience
- Architected and deployed an Express/PostgreSQL backend on AWS EC2, optimizing database performance through indexing and query tuning to achieve ~1ms average query latency and sustain 1000+ requests per second under load testing

EDUCATION

Hack Reactor

Advanced Software Engineering Certificate
Full Scholarship Recipient

January 2023

UIW School of Osteopathic Medicine

Medical School Acceptance

January 2023

Texas Teachers

Texas Educator Certification (Mathematics 7-12)

May 2019

The University of Texas at Austin

B.S.A. in Biochemistry

May 2018

Minor in Spanish & Business Foundation Certificate
